

# Agana Heights Elementary School PTO Aluminum Can Recycle Challenge

Take the Challenge and Win Some Great Prizes!!! The more cans you turn in, the more chances you have of winning!

## Rules:

1. Bring your empty and uncrushed aluminum cans in a trash bag or other container.
2. Mark the amount of cans on the outside of each bag. We use the honor system. If you are caught cheating you will be disqualified for the rest of the school year.
3. Bring your bag of aluminum cans to the school on the designated collection day. **Collection events will be held every FRIDAY, from 7:15 am to 8:15 am at the student drop off area adjacent to the Agana Heights Mayor's Office.**
4. For every 50 aluminum cans turned in you will receive one raffle ticket. At each AHES PTO Meeting a drawing will be held to award a prize(s). If you do not win, your raffle ticket will remain in the bin and you will be eligible to win at subsequent drawings. **Additional prizes will also be awarded on a quarterly basis and at the end of the year.**

Ultimately, the cans will be collected by the Guam Partners in Recycling group and transferred to a recycling facility. Aside from potentially winning a prize, your participation will help reduce litter on our island, extend the useful life of our landfill, and teach our children the importance of recycling.

If you would like to help out or receive more information, please contact the AHES PTO at [ahesptoguam@gmail.com](mailto:ahesptoguam@gmail.com). Thank you for your participation. Go Bumblebees!!!
